

20 days workshop on “Employability enhancement and youth livelihood”

This workshop was conducted by Mahindra Pride school in coordination with Naandi Foundation for the final year students. Commencement of the Workshop was on dated 27/08/2018. The students were benefited by the trainer Ambika Vyas who have guided students on various skills related to personality development and employability enhancement. The training sessions included different heads based on life skills, communication skills, soft skills, presentation skills, grooming, health and hygiene, general manners, values and behaviors, interview skills, time management etc. All these items were addressed to students by a role play and activities which makes them easy and effective. Skit presentations were made by the students on various themes which have enhanced their thinking ability and stage performance. This workshop has build confidence in students making them eligible to approach industries. Finally in the last two days students were undergone through personal interviews which had made them understand their positive things and drawbacks. The workshop was concluded on dated 19/09/2018.
