Action Taken Report on the feedback collected from different stakeholders-2022-2023

Sr. no	Feedback Received from	Feedback Analysis	Action Taken in IQAC Meeting
01	Students	Students get the opportunity to work on real-world projects or internships with local companies or organizations.	Institution could initiate a comprehensive curriculum review process involving all stakeholders, including faculty, students, alumni, and industry representatives. The review should focus on updating the curriculum content, incorporating more skill-based modules, increasing practical applications, and aligning the curriculum with local needs and industry trends.
02	Teachers	Curriculum development, content updates, and ensuring the curriculum remains relevant and aligned with current and future needs.	Institution focus on assessing the relevance and currency of the content, aligning the syllabus with specific needs, and enhancing academic flexibility through the introduction of electives, interdisciplinary courses, or customizable learning paths. Additionally, the institution could establish partnerships with industry and research organizations to stay updated on emerging trends and incorporate relevant content and skills into the curriculum.
03	Alumni	Personality development: The program helped in developing their personality.	Incorporate more personality development modules, workshops, or activities to better support students' overall growth.
