Respected Sir,

Greetings of the Day,

The MIT CIDCO, Aurangabad had organized a **Seminar on "Research Methodology"** on 10th March 2023.

The aim of this webinar was to introduce the requirement and syllabus of the research for upcoming students.

It was our pleasure that you accept the invitation and gave an expert talk on topic "**Research Methodology**", which is very helpful to our participants, gets into the fields and upgrades the knowledge in these areas.

Thank you for giving your valuable time and sharing an important knowledge with our participants. It was an excellent presentation given by you. I appreciate your efforts took on our participants for their further developmental aspects.

There are many positive comments about the knowledge, expertise and quality of your presentations.

Thanking you,

Principal

**Report of
Workshop on “Overview of Indian Patenting Process”**

Date: 18-03-2023

MIT CIDCO, had organized One day National workshop on “Overview of Indian Patenting Process”. The workshop was designed for participants with avid interest in research and development, in both online and offline mode.

The inaugural function began by appreciating the patrons of the FDP, Dr. Y.A. Kawade Sir, President G.S. Mandal and Prof. Munish Sharma Sir, Director General MIT, Aurangabad, for having provided the opportunity to the faculty and students of MIT cidco, for empowering themselves with the Knowledge of application for Patenting Process in India.

In charge Principal MIT Cidco, Asst. Prof Ranjay Kale was the president of the workshop and Prof. Srikant Menkudle of MCVC MIT Cidco was the chief guest of the inaugural function. Expert for the workshop was Dr. Kunal Dutta, Asst. Prof. Deen Dayal Upadyay Kaushal Kendra, Dr. Babasaheb Ambedkar Marathwada University. Dr. Datta takes special interest in development of indigenous didactics for effective knowledge impartation.

Research interest of Dr. Kunal Dutta includes Functional nanomaterials, Chemical sensors, low-cost instrumentation, lean manufacturing operations and industrial networking. He has published more than 50 articles in scholastic scientific platform. He has six patents in his name from India, Australia, Germany and South Africa. Dr. Dutta has filed eight patents which are in pipeline.

The workshop was inaugurated by Prof. Srikant Menkudle, MCVC, MIT CIDCO. Dr. Sheetal Chavan HOD of BCA Department conducted the inaugural event of the workshop. The program started by welcome of guests. The Preamble was presented by Dr. Shashibala Surapaneni, coordinator of the workshop on “Overview of Indian Patenting Process “. Asst. Professor Ranjay Kale gave the Presidential speech.

First Session

In the First session Dr. Dutta explained about Indian scenario on Patents compared to the rest of the world. He focused on INTELLECTUAL PROPERTY as the property represented by product that is outcome of human mind, intellect and creativity. Invention, innovation, original design, trademark, artistic creation etc. as our ASSETS. There should be some means, rather legal means, that can safeguard these assets. The Property Right, to safeguard such assets for the owners is IPR.

A detailed explanation with examples about Trademarks, GI was given to the audiences. Followed by knowhow about Patents and Patenting in India. Location of patenting offices and training centre was shared. Importance of novelty and prior art was also explained. Besides information about who can file patents, where they can be filed, types of patents and the documents necessary for filing patents was also given. A proper flow of points necessary for filing patents was shown. At the end of the session the participants had an interaction with Dr. Dutta for clearing doubts.

Second Session

In the second session the participants of the workshop were given information about the Patent search techniques, Fees required for filing Patents, What is Patentable criteria, was briefly explained. Case studies of Portland cement, manufacturing of toy i.e cube, noodles were discussed. The technical terms required for Patent filing was explained. The significance of Patented object being non obvious to skilled person who is going to examine the report was discussed.

The importance of going for Patent for a commercially feasible product was also given. Utility of the product is necessary. Other topics covered were, invention that claims anything obvious contrary to natural law, invention will be tested for adulteration. Also Dr. Dutta gave the information that developing vaccines during pandemic, as in case of covid-19 was not patentable. Also, the process of treatment of cancer is not Patentable.

The second session ended with some queries answered by the expert. The vote of thanks was proposed by Dr. Sonal Bachhao, Asst. Prof. Department of CS and IT.
