

**G.S.Mandal's**

**Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar**

**B.Sc. AT-WT-RAC Department**

**Academic Year 2023-24**

**Event Name: - Five Days Workshop on "Air Conditioning Maintenance and Testing"**

**Date: - 23 March 2024 (Wednesday) to 30 March 2024 (Wednesday)**

**Venue: - Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar**

**Key Speaker & Trainer: - Mr. Anil Gawade (Kuber Solutions, Chh. Sambhajinagar)**

Mr. Gaurav Giri (Kuber Solutions, Chh. Sambhajinagar)

Mr. Shaikh Mujeeb (Voltas Technician, Kuber Solutions, Chh. Sambhajinagar)

The five-day workshop conducted at Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar Coordination with Kuber Solutions, Chh. Sambhajinagar. The Main objective aimed to provide participants with comprehensive knowledge and practical skills in the maintenance and testing procedures related to air conditioning systems. The workshop covered various aspects, including troubleshooting techniques, preventive maintenance measures, and advanced testing methods.

The workshop on Air Conditioning Maintenance and Testing, with the primary goal of imparting comprehensive knowledge and practical skills to students. The workshop commenced with an introductory session providing insights into the fundamental principles of air conditioning systems and the components involved. Students gained an understanding of the importance of regular maintenance in ensuring optimal system performance and longevity. Throughout the workshop, emphasis was placed on preventive maintenance techniques, including hands-on demonstrations of tasks such as filter cleaning, coil inspection, and lubrication of moving parts.

As the workshop progressed, students delved deeper into troubleshooting methods, learning how to identify and address common issues encountered in air conditioning systems. Practical exercises enabled students to develop proficiency in diagnosing and repairing electrical, mechanical, and refrigeration-related faults. Advanced testing methods were also covered, with students gaining hands-on experience using specialized equipment such as pressure gauges and thermometers. They learned how to interpret test results and analyze system performance to identify potential areas for improvement.

Moreover, the workshop incorporated practical application sessions and case studies, allowing students to apply their newfound knowledge and skills to real-world scenarios. Through group discussions and presentations, students shared insights and strategies for effective problem-solving in air conditioning

maintenance and testing. The interactive nature of the workshop fostered engagement and collaboration among students, enhancing the overall learning experience.

Feedback from students highlighted the workshop's effectiveness in bridging theoretical knowledge with practical application, with many expressing appreciation for the relevance of the topics covered and the hands-on learning approach. Recommendations for future workshops included the continuation of similar training sessions, with opportunities for deeper exploration of advanced topics and specialized areas within air conditioning maintenance and testing. Overall, the workshop proved to be a valuable learning experience for students, equipping them with the skills and confidence needed to effectively maintain and test air conditioning systems in various settings.

Dear Komal Shinde,

We are thrilled to extend this offer of employment for the position of Front-End Junior Developer at CODEPIXCEL. We were impressed by your skills and enthusiasm during the interview process, and we believe that you will make a valuable addition to our team.

#### ANNEXURE A

Position: Front End Junior Developer  
Start Date: 19 Mar 2024  
Salary: Salary compensation is mentioned in annexure B  
Location: Aurangabad

Your responsibilities will include, but are not limited to:

Collaborating with the development team to design and implement user-facing features  
Writing clean, efficient, and maintainable code  
Participating in code reviews and providing constructive feedback

Assisting in troubleshooting and debugging issues. Staying up-to-date with the latest web development trends and technologies

As a member of our team, you will have the opportunity to grow your skills and take on increasing responsibilities as you gain experience. We are committed to providing you with a supportive and inclusive work environment where you can thrive and reach your full potential.

This offer is contingent upon the successful completion of [any necessary background checks, drug tests, etc.]. Please review the enclosed documents, including the Employee Handbook, and sign and return a copy of this letter by [Date] to indicate your acceptance of the offer.

We are excited about the possibility of having you join our team and look forward to working with you. If you have any questions or need further information, please don't hesitate to contact at 9022050461.

Sincerely,

Yogesh Kulkarni,  
Associate Recruiter  
CODEPIXCEL

Hi Shrutika Verulkar,

I hope this email finds you well. We are thrilled to extend an offer to you for the React Development Internship at Cehpoint. Congratulations on being selected for this exciting opportunity!

As a React Development intern, you will have the chance to immerse yourself in the world of cutting-edge technologies, including React and React Native, you will gain invaluable hands-on experience in creating innovative digital solutions and contributing to real-world projects aimed at giving you some basic challenges to improve skills.

**Position Details****React Development intern****Internship Duration:** 3 month (with the possibility of extension to 3 months).**Stipend:** Minimum assured stipend of ₹3000-5000, with a performance-linked incentive**Job preference:** After 6 month of internship (Based on our Cehpoint's 0.6 year "minimum experience for employment policy" for Secure Web application developer)**Key Responsibilities:****Front-end***Work in React development for Website projects***Back-end***Utilise Firebase services for real-time database management, user authentication, and cloud messaging. Conduct thorough testing and debugging to ensure functionality and performance meet quality standards.***Daily Responsibilities**

1. Assist in the Development process based on requirement & integration of third-party APIs to enhance capabilities.

2. Stay up-to-date on industry trends and best practices to contribute fresh ideas to project discussions.
3. Participate in team meetings and brainstorming sessions to contribute to project planning and strategy.
4. Demonstrate a proactive attitude and eagerness to learn new skills in a fast-paced environment.

**Other Requirements:**

Availability: 4-6 hours per day, 5 days a week

Parents permission for internship

College permission for internship

This internship offers a dynamic environment where you will have the opportunity to develop multiple startup concept MVPs and their website and improvements and validation of your skills and expertise in MERN STACK development.

To accept this offer, please confirm your acceptance by replying to this email with your full name and the subject line "Acceptance of Internship Offer" by Today

Engaging in projects that involve cutting-edge technologies like React and React Native will significantly enhance your skills and expertise in MERN STACK development. This hands-on experience will not only bolster your resume but also prepare you for future career opportunities in the tech industry.

Ultimately, actively participating in bridging the gap between industry and academia offers a sense of personal fulfillment. Knowing that you're making a meaningful contribution to society while furthering your own professional development is incredibly rewarding and inspiring.

We look forward to welcoming you to our team and embarking on this exciting journey together!

Regards,

## **Report**

### **On**

### **Educational visit of Students of MIT CIDCO to Department of Computer Science and IT, Dr. Babasaheb Ambedkar Marathwada University.**

**Date: 19<sup>th</sup> October 2023**

Educational visit of UG and PG Students of Department of CS and IT of MIT CIDCO was organized on 19<sup>th</sup> October 2023. The visit was organized with coordination and permission of head of the department Dr. Ramesh Manza, Dr. Sachin Deshmukh and Dr Bharti Gawali, Senior Professors of Department of Computer Science and Information Technology. Students of PG and UG have taken part in the visit and four staff members accompanied the students.

The Department of Computer Science and Information Technology was established in June, 2001. The Department is not only working academically but also performing many Co-Curricular activities.

Research Projects under Bio-Medical Image Processing, Human Computer Interactions, System Communication, Machine Learning and Computational psycholinguistics, Remote sensing etc are ongoing and also in pipeline in the department.

Students got information about ongoing research from the research students working in different research domains namely Speech Processing, Pattern Recognition, Artificial Intelligence, Human Computer Interfacing, Biometrics and Security, Knowledge Engineering, Software Engineering and Testing, Computational Psycho-Linguistic, Brain Computer Interfacing, Image Processing & Analysis, Computer Networking, Data Mining and Data Warehousing, Remote Sensing, GIS, Natural Language Processing under Multimodal Biometric Research Laboratory, Geospatial Technology Research Laboratory, Hyperspectral Laboratory in the department.

The students were given a brief about current research trends and technologies used in Computer science by Assistant Professor and research guide Dr. Mukta Dhopeswarkar Madam.

Research scholars including Dipali Chaudhari, Ramdas Gore, Pravin Dhole and others explained the working of different data collection devices and also cleared doubts expressed by students.

Principal Dr. Mahendra Kondekar has given support and motivation due to which the educational visit was successful.

## Report

### Educational Visit to Data Center, Government College of Engineering, Aurangabad

#### Theme- "Network Setup and its Security"

Students of MSc(CS) & MSc(IT) visited to Data Center, Government College of Engineering, Aurangabad on 15<sup>th</sup> Sept. 2023. The students get aware about the network, internet and its security related issues. The various network cables, devices, firewalls, servers are shown to the students and explained the following concepts -

1. To create network using cables and switches
2. To join multiple networks in one switch.
3. To configure switches for Multiple LAN
4. To do setup for wireless hotspots
5. To configure hardware firewall and manage network through one place
6. To install and manage Switches and internet through firewall.
7. To establish campus wide network and portal for the video lectures of IIT Kharagpur
8. To manage mail server

Students were very happy with the visit and learned something which is extra from curricular activities. They enjoyed the two different sessions in a day.

**NAME OF EVENT: Industrial Visit at Dhoot Motors (Service Center), Jalna Road Aurangabad**

**DATE: Thursday, 17<sup>th</sup> August 2023**

**Report**

An **Industrial Visit** to Dhoot Motors (Service Center), Jalna Road Aurangabad was organized for the students of B.Sc. Automobile & Workshop Technology. In which 20 students from the institute along with two faculty Members, Asst. Prof V.V. Joshi and Asst. Prof. S.H. Kolhe from the institute. The visit was coordinated by the core team member Mr. Suraj Kumar Service Head helped the students to make this visit possible.

All the students and the faculties gathered at the workshop at 10.30 a.m. Firstly a brief introduction about Volks Wagen and the workshop was given by Mr. Suraj Kumar. After that there was a Question Answer session in which the students as well as the Faculties asked different questions they had regarding the service center. After that the students and the respected Faculties were taken inside the service center guided by the representatives accompanied by the service center team. The workshop was neat, well managed and disciplined. Different tasks were allotted to different members. There were separate areas allocated for specific tasks like wheel alignment, brake test, paint job, engine testing etc. All the tasks were done in very systematic way. When a car comes for anything, the general inspection is done and after that it is sent to the specific area where it is checked and serviced very nicely. After all the testing and checking the car is sent back to the customers.

The students were taken to each and every section of the workshop and were shown and given brief information about every job done there.

The visit ended with the group photo session of the students and the respected faculty advisors present at the Dhoot Motors (Service Center). All the students and the faculties were thankful to Dhoot Motors to provide their valuable time to arrange the visit.

**G.S.Mandal's**

**Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar**

**B.Sc. AT-WT-RAC Department**

**Academic Year 2023-24**

Event Name: - **Seminar & Demonstration on "Electric Vehicle-Future vehicle"**

**Date:** - 23 March 2024 (Wednesday)

**Venue:** - Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar

**Key Speaker :-** Mr. Amol Gadekar (Service Manager-Mahindra EV Chh. Sambhajinagar)

Mr. Afroz Shaikh (Technical Manager-Mahindra EV Chh. Sambhajinagar)

The Department of B.Sc. AT-WT-RAC organized a **Seminar & Demonstration on Electric Vehicles** on Wednesday, 23<sup>rd</sup> March 2024 for First, Second and Final year students. **Mr. Amol Gadekar** (Service Manager-Mahindra EV) & **Mr. Afroz Shaikh** (Technical Manager-Mahindra EV) was invited as a resource person for the seminar. The seminar introduced the students to the basics of electric vehicles and their future perspectives. Mr. V.V. Joshi (HOD) elaborated the objectives of the seminar and introduced the resource person during the inauguration.

Mr. Amol Gadekar shared the history of EV development in India and explained the need for EVs and their benefits and drawbacks compared to conventional internal combustion engines. Further, he elaborated on EV driveline components and factors to be looked at the time of EV purchase. Battery charging and swapping technologies were also discussed along with the technical parameters. Also He shared the technological developments happening in India in the domain of Electric Vehicles.

Participants had the opportunity to observe different electric vehicle models showcased by Mr. Afroz Shaikh. He explained the key features, performance metrics, and charging capabilities of each vehicle, providing a hands-on experience for attendees. Selected attendees were offered test drives of electric vehicles to experience their smooth acceleration, quiet operation, and responsive handling first hand. This interactive session allowed participants to appreciate the driving dynamics and performance of EVs compared to conventional cars.

The session ended with a question-answer session and a vote of thanks.

**NAME OF EVENT: Industrial Visit at Miconix Calibration Center, Cideco, Chh. Sambhajinagar**

**DATE: Monday, 05<sup>th</sup> February 2024**

**Report**

An **Industrial Visit** to Miconix Calibration Center, Cideco, Chh. Sambhajinagar was organized for the students of B.Sc. Second Year Automobile Technology & Refri. and AC. Miconix Calibration Lab is accredited by NABL and is well equipped with the most sophisticated and up-to-date calibration equipment. Qualified and well trained staff takes utmost care for calibration of all parameters of slip gauges, Vernier Caliper, Dial gauges.

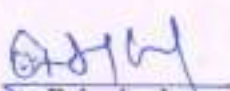

In the visit 15 students along with two faculty Members, Asst. Prof V.V. Jashi and Asst. Prof. S.H. Kolhe from the institute. The visit was coordinated by Mr. A. S. Khan Sir, helped the students to make this visit possible. All the students and the faculties gathered at the Calibration Center at 2:00 p.m. Firstly a brief introduction about Miconix Calibration Center was given by Mr. Khan Sir.

After that the students and the respected Faculties were taken inside the Calibration room guided by the Mr. Sane Sir. The students were taught about the Measurement Instrument like Slip gauges, Vernier Caliper, Dial Indicator, GO NOGO Thread gauges. Ring gauge as well as the entire process of Calibration operations.

After that there was a Question Answer session in which the students as well as the Faculties asked different questions they had regarding the operations & products.

**NAME OF EVENT: Industrial Visit at Dhoot Motors (Service Center), Jalna Road Aurangabad**

**DATE: Thursday, 17<sup>th</sup> August 2023**

**Report**

An **Industrial Visit** to Dhoot Motors (Service Center), Jalna Road Aurangabad was organized for the students of B.Sc. Automobile & Workshop Technology. In which 20 students from the institute along with two faculty Members, Asst. Prof V.V. Joshi and Asst. Prof. S.H. Kolhe from the institute. The visit was coordinated by the core team member Mr. Suraj Kumar Service Head helped the students to make this visit possible.

All the students and the faculties gathered at the workshop at 10.30 a.m. Firstly a brief introduction about Volks Wagen and the workshop was given by Mr. Suraj Kumar. After that there was a Question Answer session in which the students as well as the Faculties asked different questions they had regarding the service center. After that the students and the respected Faculties were taken inside the service center guided by the representatives accompanied by the service center team. The workshop was neat, well managed and disciplined. Different tasks were allotted to different members. There were separate areas allocated for specific tasks like wheel alignment, brake test, paint job, engine testing etc. All the tasks were done in very systematic way. When a car comes for anything, the general inspection is done and after that it is sent to the specific area where it is checked and serviced very nicely. After all the testing and checking the car is sent back to the customers.

The students were taken to each and every section of the workshop and were shown and given brief information about every job done there.

The visit ended with the group photo session of the students and the respected faculty advisors present at the Dhoot Motors (Service Center). All the students and the faculties were thankful to Dhoot Motors to provide their valuable time to arrange the visit.

DATE: **Monday, 28<sup>th</sup> August 2023**

### Report

An **Industrial Visit** to Umasons Steelfab Pvt. Ltd. MIDC Railway Station, Aurangabad was organized for the students of B.Sc. First Year Automobile Technology. In which 15 students along with two faculty Members, Asst. Prof V.V. Joshi and Asst. Prof. S.H. Kolhe from the institute. The visit was coordinated by Mr. Thorat Sir Production Head, helped the students to make this visit possible.

All the students and the faculties gathered at the company at 11.00 a.m. Firstly a brief introduction about Umasons Steelfab Pvt. Ltd and the company was given by Mr. Thorat Sir.

After that the students and the respected Faculties were taken inside the welding department guided by the representatives accompanied by the company.

The students were taught about the industry as well as the entire process of preparing welding operations. They also told us about the various safety measures which were taken by the company for the safety of the workers. In this visit Students gained the knowledge about Different types of welding operations, Types of Welding process, Advantages and Disadvantages of Welding methods.

After that there was a Question Answer session in which the students as well as the Faculties asked different questions they had regarding the operations & products.

## B.Sc. AT-WT-RAC Department

Academic Year 2023-24

**Title : One Day Workshop on "CNC-Programming"**

**Date : 06-10-2023**

**Venue: CIPET, Aurangabad**

B.Sc. AT-WT-RAC Department had organized a one day workshop on "CNC Programming and Hands on Experience" for S.Y. & T.Y students on 06-10-2023 (Friday) in Central Institute of Plastics Engineering and Technology (CIPET) Aurangabad. Total 24 students and 3 faculty members were attended this program. This workshop was co-ordinated by Asst. Prof.. V.V. Joshi (HOD, B.Sc. AT-WT-RAC Department

The main objective of the workshop was not only to teach the students on how to operate a CNC machine and how to do programming for a machine, but also to make them aware of the newer machining technologies.

The workshop was carried out in one day. The Workshop starts with an introductory session in which a warm introduction about the topic is being delivered by **Mrs. Mosam Chaudhari**, HOD & Sr. Technical Officer, VITS, CIPET Aurangabad. **Mrs. Geetabali Bhise**, Administrative Assistant & **Mr. Debashish Suryabansi** Asst. Technical Officer at CIPET, Aurangabad

Administrative Assistant at Central Institute Plastics and Engineering Technology Aurangabad

The theoretical session had been covered at classroom and practical session had been conducted at shop floor. The main topics covered in the workshop were G and M codes, Programming, and machining on CNC Lathe and Milling. Plastic Molding Operations, Plastic Degradable Process. This was a very new experience for all of the students and also they got to learn many new things regarding their field.
